Bow Island to be Chief District of S. Andrew's Presbyterian Church

System estimated to cost \$3,500,000.
Offices and Warehouses to be erected at once.
Twenty new wells to be bored.

Mr. W. R. Martin, natural gas expert for the C.P.R., arrived here on Monday from Dunsmuir for the purpose of making preliminary arrangements in connection with a scheme that has apparently for its ultimate object the conveyance of natural gas from Bow Island to points spreading practically everywhere over the whole of Southern Alberta.

During the afternoon Mr. Martin stated out a piece of land alongside the track measuring 100 x 200 ft. which will be used as a pipe yard for the storing of heavy supplies. The offices, warehouses, etc., are erected as soon as possible upon a site purchased from Mr. Maglin and situated directly north of his store.

In the evening Mr. Martin addressed a public meeting in the new skating rink with regard to the town granting a franchise for a conveyance of natural gas in and by the main up to the lot line.

There were some fifty or sixty laymen present, and the keenest interest was evinced in the proceedings. Mr. Martin gave a brief outline of the company's intentions, and stated that the reason Bow Island had been selected for the seat of operation was owing to the plentiful supply of gas. Wells had been bored elsewhere and gas found in several places, but the flow was such as to induce the company to return to their old starting point and finally decide upon making it their chief field of operations.

To give them a slight idea of the nature and the great scope of the work upon which they are about to engage, Mr. Martin stated that the estimated cost of the undertaking would amount to \$3,500,000. It was his company's intention to bore twenty wells within the vicinity of "Old Glory," ten of which will be preceded with at once, and the first carload of material to be used in connection with the boring will arrive on Saturday.

Several questions were asked by those present regarding the price the company intended charging consumers in the town, and although Mr. Martin said he could not speak definitely, it would be somewhere about 15 cents a thousand. Special concessions, however, would be made manufacturers had probably also to them for street lighting purposes. The cost of a street lamp per year would amount to about \$20. Questioned as to how soon the company could pipe the gas in, Mr. Martin said he thought they would be able to get it into town within 30 days after receiving the franchise.

PRICE OF NATURAL GAS

The Natural Gas Company is asking for a change in the price of gas, which was fixed by the agreement between the company and the city, which under the circumstances, is not at all unreasonable. When the franchise was put through the price was arranged at 15 cents per thousand feet for power and 25 cents per thousand for fuel and light. The Company at that time expected to strike gas within the district of Calgary, but as we know, it was disappointed. After a heavy hand battle an insufficient amount of gas was discovered. The company finds now that it will have to give up the contract, or pipe the gas from Gleichen or Bow Island. The piping will cost a large amount of money, a very large amount of money, and the Company informs the city that it will be impossible to supply the community to Calgary citizens at the price mentioned. It is willing, however, to supply the gas at 25 cents per thousand for power and 15 cents per thousand feet for fuel and for lighting.

The amended price is not unreasonable. The Company expects to be in the position of supplying the gas at the price quoted or not at all. If the gas, even at the higher price is very cheap, and compares very favorably with prices in some of the other cities where gas is supplied. Under the circumstances, it is not unreasonable for the city to ask for the increased price for its community.—Alberta.

WINDY RIDGE.

Mr. Leo Nowak made a flying trip to Bow Island Monday with his oxen. P. Treudler has returned from H.C. Mr. Ed. Beam was in Winifred Monday.

The dance at A. Page's last Friday evening was well attended, and a good time was enjoyed by all present.

Mrs. E. Hill and sister visited Mrs. J. Lamoreaux last Sunday.

A great deal of digging has been done in this neighborhood the past week.

J. F. Lamoreaux is busy hauling hay from Bull Head Butte.

E. Bush of Bow Island visited Mrs. G. O'Neil yesterday last week.

The latter would have to be granted a term of about twenty years, as it would probably take a considerable proportion of that amount of time before the necessary consent of the shareholders for the cost of installation.

A motion was eventually put asking Mr. Martin to submit his proposal to a full meeting of the shareholders, the consideration of the ratification, which was carried unanimously.

The meeting then terminated.

A FEW FACTS CONCERNING THE SCHEME.

"Old Glory" the original gas well here, is situated about three and a half miles north of town and was drilled by the C.P.R. It is claimed to be the largest, upon the American continent, and has a flow of 3,500,000 feet per twenty-four hours, equivalent to 30,000 horse-power, or to put it in another way, furnishes as much power during that time as 100 cars of coal or two train-loads every twenty-four hours. The pressure is 500 lbs. to the square inch. "Old Glory" has probably done more to advertise natural gas in Western Canada than all the other wells put together.

As stated above, twenty new wells are to be bored, and the whole of them are to be completed within a year and a half. Ten will be preceded with immediately. The cost will average about \$20,000 apiece, and five plants will be installed at Bow Island, in connection with the work. Each plant will require 20 carloads of material, so that in all some 100 carloads of material for the plants alone will be required. It is his company's intention to employ a large number of men and laborers, with a corresponding heavy wage bill. In addition there will be a great army of men employed in the construction of buildings, laying pipe line, well-tapping, etc., and much over the spending in wages alone of thousands of dollars every month. As already stated, the first carload of material will arrive here on Saturday and the remainder as fast as it can be rushed through.

There will be three large brick buildings erected as rapidly as possible in the town itself to serve as offices, warehouses, etc., and for those thirteen carloads of brick will arrive.

Messrs. Winters and Murray, of the C.P.R. gas department, with a gang of men arrived here Thursday with a load of material to be used partly upon "Old Glory" and partly upon the new drilling.

THANKSGIVING SUPPER.

A Thanksgiving supper was given on Thursday evening last in Lindquist Hall by the ladies connected with the Methodist Church. The occasion was one that was taken full advantage of, especially by the friends from over the boundary line, a line, however, that happily extends no further, if one may judge from the good fellowship and sociability that distinguishes them. The supper was excellent and considerable credit is due to the ladies for its arrangement generally. The concert that followed was well gotten up and the several lines that comprised the programme were well rendered.

Those contributing included the following:—The Band; song, Mrs. Margaret Pollitt; duet, Miss Johnston and Miss Pollitt; Mrs. M. L. Wright; instrumental duet, Mrs. C. Hande and Mrs. Wright; reading, Rev. H. M. Henderson; duet, Mrs. Wright and Mr. D. McKinnis; duet, Mrs. McKinnis; song, Mrs. J. Pollitt; song, Mr. J. McKinnis; song, Mrs. McKinnis; recitation, Mrs. J. R. Jamieson; duet, Mrs. Wright and Miss Pearl Harburt; song, Mrs. McKinnis.

Special mention should be made of the band. This organization apparently improves every week, and the citizens of Bow Island in their applause on Thursday evening signified their very deep appreciation of the efforts made by its members generally.

An auction sale of farm machinery

etc., will take place opposite the post-office on December 2d, at 3 p.m.

Mr. and Mrs. Salsbury and family have arrived in Bow Island from N.D., to take up their residence here. Accompanying them was their son Herbert and his wife. We bid them welcome to our town, and hope to see a large share of the property that we saw the residents of this district.

The Rev. H. M. Henderson has received word from Mrs. Greene, secretary of the Ottawa Diocesan Board of the Women's Auxiliary to the Wesleyan Society of the Church of England in Canada, that they are presenting All Saints Parish Church, with a handsome set of Holy Communion Altar linen. This is indeed a most acceptable gift and one greatly appreciated by the members of the Church.

Best Japan rice, per lb.	5c
Best Navy white beans, per lb.	5c
Tapioca and Sago, 4 lbs. for	25c
Rolled Oats, 8 lb. sacks	35c
Yellow Cornmeal, 10 lbs. for	40c
Germade, 10 lbs. for	40c
Graham flour, 10 lbs. for	40c
Buckwheat flour, 10 lbs. for	60c
Pure cane sugar, 20 lbs. for	1.25

TEAS.

We stock six different kinds of Teas. The cheaper
bull teas, the Red Cross teas, we are discarding, as the pub-
lic find by experience that they pay too much for the little
dishes. Our favorites are

Brook & Bond's 3 lb. tins	1.10
Blue Ribbon, 1 lb.	40c
Blue Ribbon, half-pound	20c
Salada Ceylon tea, per pound	40c
Salada Ceylon tea, half pound	20c

Our Favorite Coffees.

Chase & Sanborn's, per pound tin	40c
A good bean coffee	20c

COAL OIL --- Per gal, 35c. Per 5 gal. can, \$1.75

SALT.

We are the only store in town where you can get a
five cent. bag of salt for five cents. 3 lbs. salt 5c., 5 lb. bags
salt, 3 for 25c.; fifty pound sacks, coarse and fine, 70c.;
barrels of 300 lbs., 3.50; rock salt, two cents per lb.

FRUIT.

Choice apples, 4 lbs. for 25c, per box	2.00
Pears, 3 lbs. for 25c, per box	2.75
Crabs, 3 lbs. for 25c, per box	3.00

POTATOES.

We have searched the Province over for good keep-
ing potatoes and were unable to find any. We have, how-
ever, bought a car of Ontario white potatoes, which we can
sell at \$1.75 per cwt.

Our stock of cabbage for kraut is selling at \$2.25 per cwt.
Yellow Denver Onions, \$2.50 per cwt.

Cabbage for Kraut.

We expect to get in a large supply of Cabbage for
Kraut in about two weeks. The prices we cannot give yet,
but they will be right. We handle nothing but first-class
cabbage. The better the cabbage the better the kraut.

FLOUR.

The celebrated Purify Flour known all over the coun-
try, made by the Western Canada Flour Mills of Winnipeg
and Brandon, per sack, \$3.25. The best Lethbridge flour,
\$3.00 per sack. Anyone wishing to put in a stock would do
well to order soon, as we cannot guarantee the prices after
our present stock is gone.

We also carry a large stock of Feed all the time.
—Wheat, barley, flax, oats, and bran and shorts. For our
Chopped Feed, we get the clean grain chopped here in town.
No seeds or mill sweepings.

THE REASON

We can outsell all the other stores is because we pro-
cure nearly all our goods direct from the east in carload lots.
We have shipped in over fifty carloads of merchandise since
last March.

BUTTER.

We have 1000 lbs. of good butter, fresh packed in
corks, which we will sell for the next two weeks at twenty-
five cents per lb. Crocks extra.

COAL.

We are agents for Taber and Galt coal, and do our
best to have a constant supply on hand.

Gents' Furnishings.

In Men's Suits we carry the largest stock between
Medicine Hat and Lethbridge. Suits of clothes, hundreds
of pairs of pants, vests, shirts, fleeced-lined coats, leather
coats, corduroy coats, overcoats, caps, 200 pairs overalls at
\$1.00 per pair. All these goods are marked down as near
as possible to match with the shortage of crops this year.

Boots and Shoes.—We have just received part of our Fall
Stock of boots and shoes, which will speak for themselves
both for quality and price. Call and inspect our large stock
of Mitts and Gloves.

Dry Goods.

Just received a large supply of Ladies' Dress Goods,
some very fine materials for fall and winter use. Silks,
silkene, flannelettes, fancy laces of all descriptions. Call
and see our new stock.

Stationery.

A large stock of Stationery always on hand. Enve-
lopes, Tablets, Note books, Time Books, Pocket Books, Bill-
heads, and Receipt Books at prices which would make you
think you were back in the east.

The Bow Island Review

Sensa- tional Values in all Depart- ments.

Notwithstanding the dry summer and consequent depression in trade generally, we are pleased to record a steady increase of new patrons. One reason for this is our high reputation in the Bow Island district.

OUR AIM

Is not to catch customers by a catch price, but to make and keep customers by selling goods of quality. The increasing popularity of our stores is our best advertisement. Try us.

While low prices are an essential feature, please do not forget that the merchandise of the Bow Island Trading Co. is the very best produced by Canada's leading manufacturers, and must not be compared with the shoddy grades offered by less scrupulous concerns at so-called special sale prices. Every item of merchandise our excellent stock contains is good, honest and dependable.

Fall & Winter Goods

Our Fall and winter goods have now arrived, and in every department there is the widest choice of up-to-date goods at exceptionally reasonable prices.

Hardware.

Our hardware department has just been augmented by the arrival of a nice line in Ranges, Stoves and Heaters. Order now while you have the opportunity.

... BOW ISLAND ...

TRADING CO'Y

The proposition put before the townspeople by Mr. W. R. Martin on Monday night is one of course requiring some consideration. The price of the gas sold to consumers and the number of years the franchise is to run warrants it. But when considering these points we have to remember that the town is not and probably will not be for some years in a position to bore and pipe the gas in itself. The amount of money required for such a purpose is not by any means a small one and would mean saddling the town with a debt just at a time when it would require all its resources for making improvements in sidewalks, grading the streets, erecting public buildings, installing a water system, supplying fire protection, and other things incidental to the progress and welfare of a young and growing city. We however believe that a considerable reduction should be made in the price of gas sold for public purposes, and in this respect the attention of the company could very well be drawn to the desirability of making such a concession. The benefit that the town will derive from its installation, taken as a whole, will and must be considerable. Bow Island, being in the centre of the natural gas belt, occupies an enviable position, and this is a point that we may be sure will not be lost sight of by manufacturers in search of cheap fuel and light, and a town near the railway, close to a big river, and centered in a highly prosperous agricultural district.

We are apparently approaching a time when Bow Island will make rapid strides towards a larger and better town. How much larger and better it will be depends altogether upon those who compose it. The word solidarity is defined as "that community of being which binds humanity into one whole, so that each affects and is affected by all." And in this word solidarity we have the whole thing in a nutshell. Sink self-interest and elevate the public cause to a point where it will command the respect and support of our fellow-townsmen, and the progress made by us in the past will be insignificant compared to that which awaits our future efforts.

Local Topics.

Rev. H. M. Henderson was a guest at the banquet given in Leblond on Monday night by the laymen in connection with the Church of England.

James Bradley, hussupened up a bakery and confectionery business this week in the building opposite the depot, and later on intends running a lunch counter in connection. Mr. Bradley has had long experience in his business having for some years conducted a business successfully at Toronto, and more recently at Grassy Lake and Burdett.

We very much regret to announce the death of Alice, the little six-year-old daughter of Mr. and Mrs. Louis Briffon, of 9-9-21, which occurred at the Medicine Hat hospital on Tuesday following an operation for appendicitis. The funeral will take place on Sunday, service being held in the Presbyterian church at one p.m., at which the Rev. M. L. Wright will officiate. The interment will be in Bow Island cemetery.

The skating rink was opened last evening with a dance at which there was a large attendance. The evening was a most enjoyable one, the spacious rink being thronged with a very jolly lot of young people. The manager, J. W. Long, is making arrangements to hold fortnightly dances throughout the winter months, in addition to which the hall will also be devoted to roller skating, the skates being expected to arrive within the next few days. All together Bow Island should not be without amusement this winter.

For the small sum of one dollar one can certainly get big value by subscribing to the Family Herald and Weekly Star of Montreal. In the first place you get the greatest weekly paper on this continent, a newspaper, magazine, and agricultural journal all in one. Then again each subscriber this season has the chance of winning a free trip to the Old Country next June, with all expenses from his home in Canada to the Old Country and return and his spending money as well. This is no catch penny offer, as the Family Herald and Weekly Star's reputation would not allow any fake contest. Full particulars can be had at this office or by writing for a sample copy of that great paper. It is the best value in Canada beyond dispute.

A general meeting of all ladies interested in Church work will be held at the Pension on Thursday next at 3 p.m. for the purpose of forming a local branch of the Woman's Auxiliary in Bow Island. A general invitation is extended to all.

A general auction sale will be held either in the latter end of November or in the early part of December in Bow Island. The sale will be conducted by D. M. Garrison. Anyone desiring to enter machinery of any kind, household articles, live stock, etc., are requested to list the same at the Review office.

THE GREAT WEST.

Canada hinges on her Great West. It is a great lone land no longer, rather it is the growing granary of the Empire, the source of our patriotic inspirations; the foundation of our railway systems; the repository of untold mineral wealth and at once the backbone and muscle of the Dominion.

The great distinctive feature of our North-West is her wheat fields, the theme of artists and writers, the loadstone drawing under the folds of our flag the teeming millions who are fixing their homes North of the Great Lakes.

Friends abroad are thirsting for pictures and information about the land adopted by their friends and kinsmen. The Christmas Number of The Standard has thirty telling pictures of the North-West, including a picture of scenes that can be witnessed in no other part of the world. Our Great West Panorama will startle people in all lands. It is true to life and as startling as true. It is the North-West as you see it, picture yet published. Get it and all the other super supplements with the Christmas Number of the Standard for 1910.

Order from your bookseller or local agent. Order early, but don't delay the publisher's price if you are disappointed by ordering late and finding the supply exhausted. Price 50 cents, The Standard Montreal.

The solo song by Mrs. Rev. Rose last Sunday was very much appreciated. Don't forget the subject in the Presbyterian Church next Sunday evening "The Pouting Son", you are made heartily welcome.

We are very glad to learn that Miss Pearl Hurnik has decided to remain in town in preference to going East. Her musical talent has made her very popular here.

A special meeting of the churches was held in the Presbyterian Church last Monday night for the purpose of arranging for a Xmas tree. It is hoped the various committees will meet with a generous response from the citizens of Bow Island.
